The Evolution of Wibu-Systems Technology

A Journey from DRM to IoT Secure Licensing

1989 1990 1991 1992 1993 1994 1995 1996 1997 1998 1999 2000 2001 2002 2003 2004 2005 2006 2007 2008 2009 2010 2011 2012 2013 2014 2015 2016 2017 2018 2019 2020 2021 2022 2023 2024

Software Protection Tools

- AxProtector CTP
- AxProtector JavaScript
- AxProtector Python
- CodeMeter Protection Suite IP Protection
- AxProtector .NET Standard
- CodeMoving
- Blurry Box
- AxProtector CmE
- ExProtector
- AxProtector .NET
- Key4J
- AxProtector Java
- AXAN
- IxProtector
- WkCrypt
- AxProtector

Runtime Variants

- CodeMeter µEmbedded
- CodeMeter Embedded
- CodeMeter Runtime
- WibuKey Runtime

Supported Virtual Environments

- Kubernetes
- Google Cloud
- Docker
- Amazon Web Services
- Microsoft Azure
- VMWare Workstation / Server

Software Monetization Solutions

- Embedded Software Protection
- Cloud-based Licensing
- Document Protection
- Software Licensing
- Software Protection

Core Features

- Universal Firm Code
- Battery-powered Enhancement of the Virtual Clock
- Flash Memory
- Driverless Dongle (MSD)
- Driverless Dongle (MSD / HID)
- Virtual Clock
- Wibu Key Core Driver

License Update

- Push Update for Offline Devices
- Online with CmTalk
- Online with CodeMeter License Central
- Code-based via Phone
- Online with ActiveX
- File-based

License Models

- Country-Specific Licenses
- Borrowable Licenses
- License Transfer
- Counter-based Licenses (Pay-per-use / Prepaid)
- Time-based Licenses (Trial / Evaluation / Subscription)
- Feature-based Licenses
- WkNET
- TCP-IP-based Floating Network Licenses
- Single User Licenses

Cryptographic Algorithms

- ECC 521
- RSA 1024
- RSA 2048
- RSA 4096
- SHA-256
- ECC 224
- ECC 256
- AES 128
- AES 256
- FEAL-16
- FEAL-32 (64 bit)

Back Office Integration

- SAP Entitlement Management
- SAP Connector
- WebDepot
- License Portal
- Salesforce Connector
- E-Commerce Connector
- CmProducer
- CodeMeter License Central
- API
- Commandline Tools

Hardware-based License Containers

- CmStick/D Series
- CmStick/B Series
- CFast
- Compact Flash (CF)
- microSD
- Secure Digital (SD)
- Module for PCB (USB)
- USB 1.0
- USB 2.0
- USB 3.1
- PCMCIA
- Express Card
- COM
- ASIC
- LPT

Software-based License Containers

- CmReady
- Binding Extension
- CodeMeter SmartBind
- Protection Only Licenses
- Trial Licenses
- Hardware-bound CmActLicenses

Cloud-based License Containers

- CmCloudContainer
- CmCloudLiteContainer

Password and Key Management Solutions

- CodeMeter Certificate Vault
- CodeMeter Keyring for Siemens TIA® Portal
- CodeMeter Keyring for Rockwell Software® Studio 5000 Logix Designer®

Operating Systems

- Android
- QNX
- VxWorks
- CODESYS and other proprietary PLC systems
- Source driver for any embedded OS
- Windows 64-bit
- Linux 64-bit
- Linux 32-bit
- Mac OS / OS X / macOS
- Windows 32-bit
- Windows 16-bit
- MS-DOS
